

The Devon Land Tax Records 1780-1832 database records the names of over 310,000 people, with their dates and parishes, in the Land Tax records of 108 Devon parishes. It includes the 42 parish indexes previously published by AIGS in booklet form. Entries are linked to maps locating each parish and to parish profiles adapted from the History, Gazetteer and Directory of Devonshire, by William White, 1850.
